JANUARY 2008

## Science Fair Photos

During the week of January 14th the Science Lab of Grand Hank was held to kick off the Finletter Science Fair. One assembly program was held for each set of grades: K-3, 4 - 5 and 6 - 8. The assembly was highly interactive with students participating in many of the hands-on activities such as making slime and dancing to the hip-hop beat of DJ Marty Geez.

## Finletter Wins Science Fair Contest

The Educational Advancement Alliance, Inc. (EAA) held a science fair contest in October 2007. The contest was open to all School District of Philadelphia elementary schools and was designed to assist schools with the planning and execution of their science fair. The competition was stiff; however, the Thomas K. Finletter elementary school emerged as the winner. Principal

Beatty, K-3 science teacher Podolsky, Fifth grade teacher, Adelman and students Danny Lo and Raksa Lim, submitted the winning entries. Runners-up included: Vare, James Rhoads and Cassidy. Each runner-up received a gift certificate to Steve Spangler. Honorable Mention was awarded to Drew and Greenburg.
